

I am writing to express my concern and disagreement on removing K-LOVE 90.5FM from the air. This radio station has a very positive impact on my children & my christian faith. This radio station serves our community, providing a safe radio station void of vulgar language and commercials pertaining to sex & drugs etc. It gives it's listener a positive environment, a safe environment to turn to Christ or to follow Christ. There are so few Christian radio station available, yet there are so many Christians. Do us and yourselves a favor and leave K-LOVE 90.5FM on the air!!

Thank you for your consideration.
